

On June 15, 2007, WCW filed the attached letter and affidavit of Mike Higgins, Jr., General Manager, which attests to the company's intent to use the federal support only for the provision, maintenance, and upgrading of facilities and services for which the support is intended, consistent with § 254(e) of the Federal Telecommunications Act, and for provision of the designated services required by 47 C.F.R. §54.101. This document is forwarded to your attention pursuant to 47 C.F.R. §§54.313 – 54.314 for the purpose of calculating federal universal service support for WCW.

Re: Docket No. 24481 -*Designation of Common Carriers as Eligible
Telecommunications Carriers (ETC) to Receive Federal Universal
Funds Pursuant to the Federal Communications Commission's
Fourteenth Report and Order Adopting a State Certification Process*

To Mr. Galloway:

On behalf of CGKC&H #2 Rural Limited Partnership d/b/a West Central Wireless and d/b/a Right Wireless, ("WCW"), I am submitting an original and eleven (11) copies of an executed affidavit on behalf of WCW concerning the above proceeding. On June 11, 2007, WCW was designated an Eligible Telecommunications Carrier ("ETC") by the Public Utility Commission of Texas ("PUC") in Docket No. 34207. As a newly-designated competitive ETC, WCW now submits the enclosed affidavit in order to comply with the state's annual certification process pursuant to PUC Substantive Rule 26.418 (j)(1) regarding carriers' use of Federal Universal Service Fund (FUSF) support. The state's certification submittal deadline is September 1, however, provisions in 26.418(j)(2) allow for subsequent certifications to be filed with the PUC. WCW respectfully requests that the PUC certify that the company is eligible for federal high cost support effective June 11, 2007 and further provide assurance to the Federal Communications Commission ("FCC") and to the Universal Service Administrative Company ("USAC").

WCW requests the PUC provide such certification to the FCC and to USAC on or before the August 10 deadline established by USAC and in accordance with provisions in CFR §54.314 (d)(6)(vi), which permit support retroactive to June 11, 2007, the company's ETC designation date. Support includes the Interstate Access Support funding. Should the FCC and USAC not receive the PUC certification by the August 10 deadline, WCW understands that it will not be permitted to receive support retroactive to its ETC designation.

ETC Designation of CGKC&H #2 Rural Limited Partnership d/b/a West Central Wireless and d/b/a Right Wireless

Pursuant to Section 214(e) (2) of the Communications Act of 1934, as amended (the "Act") and 47 C.F.R. sections 54.201 - 54.203, the Public Utility Commission of Texas (PUCT) has granted eligible telecommunications carrier (ETC) designation to CGKC&H #2 Rural Limited Partnership d/b/a West Central Wireless and d/b/a Right Wireless (WCW or the Company). The attached *Order No. 3*, Docket No. 34207, issued on June 11, 2007, grants WCW ETC designation throughout the non-rural telephone company wire centers of Verizon Southwest contained in Attachment D of its application with the exception of the Menard wire center. WCW is designated only in that area of the Menard wire center that lies outside of Kendall County.

**ORDER NO. 3
NOTICE OF APPROVAL FOR DESIGNATION AS
AN ELIGIBLE TELECOMMUNICATIONS CARRIER**

Procedural History

On April 25, 2007, CGKC&H #2 Rural Limited Partnership d/b/a West Central Wireless and d/b/a Right Wireless (WCW or the Company) filed an application for designation as an eligible telecommunications carrier (ETC) pursuant to P.U.C. SUBST. R. 26.418. WCW is a facility-based provider of Commercial Mobile Radio Service (CMRS) as licensed by the Federal Communications Commission (FCC), and provides CMRS through its own facilities and through network sharing arrangements with neighboring cellular providers. WCW requested ETC designation in the non-rural telephone company wire centers of service areas of Verizon Southwest as contained in Attachment D of its application. Verizon is a non-rural incumbent local exchange carrier. WCW seeks designation throughout the wire centers listed with the exception of the Menard wire center. WCW seeks ETC designation only in that area of the Menard wire center that lies outside of Kendall County.

The Commission issued Order No. 1 in this proceeding, which established a procedural schedule, including deadlines for comment, motions to intervene, and publication of notice in the *Texas Register*. Notice was published in the *Texas Register* on May 11, 2007. The Applicant provided a copy of the application to the Office of Public Utility Counsel at the time of filing. Pursuant to P.U.C. SUBST. R. 26.418(g)(2)(A)(i), the effective date shall be no earlier than 30 days after the filing date of the application or 30 days after notice is completed, whichever is later. On April 27, 2007, WCW filed an amendment to Attachment E of its application to clarify the area in which it seeks ETC designation.

No objection, comment, or motions to intervene were filed, and no hearing was requested. P.U.C. SUBST. R. 26.418(g)(2)(A) provide that applications for ETC designation may be reviewed administratively.

On June 5, 2007, Commission Staff (Staff) filed a recommendation for approval of ETC status for WCW based on the following:

Designation as Eligible Telecommunications Carrier

To qualify for ETC status, a carrier must meet four conditions:¹

1. The carrier must be a common carrier, as that term is defined by the Federal Telecommunications Act of 1996 (FTA), Section 3(10).
2. The carrier must offer the following services (requisite services),² using its own facilities or a combination of its own facilities and the resale of another carrier's services:³
 - (a) voice grade access to the public switched network;
 - (b) local usage;
 - (c) dual tone multi frequency signaling or its functional equivalent;
 - (d) single party service or its functional equivalent;
 - (e) access to emergency services, including such services as 911 or enhanced 911;
 - (f) access to operator services;
 - (g) access to interexchange service;
 - (h) access to directory assistance; and
 - (i) toll blocking for qualifying low income customers, and
 - (j) toll control for qualifying low-income customers.
3. The carrier must advertise the availability of and charges for the requisite services in a media of general distribution.⁴
4. The carrier must provide Lifeline and Link Up support, and may not collect a deposit from a customer receiving such support if the customer also elects toll blocking.⁵

¹ 47 C.F.R. § 54.201(b)-(d) (2001).

² 47 C.F.R. § 54.101 (2001).

³ 47 C.F.R. § 54.201 (2001).

⁴ *Id.*

WCW meets all of the above criteria. WCW has not requested any waivers of FCC requirements. WCW commits to offer toll limitation services in accordance with 47 C.F.R. §§ 54.400 and 54.401.

Verizon serves the exchanges for which WCW requests USF support. Verizon is not a rural carrier.

Staff stated that WCW meets all of the requirements established by the FCC for designation as an ETC.

Ordering Paragraph

In accordance with Staff's recommendation and for all the reasons stated therein, WCW's application for ETC designation is APPROVED, as amended, effective June 11, 2007.

SIGNED AT AUSTIN, TEXAS the 11th day of June 2007.
